

# Help Us Brew Up a Healthier, Better-Connected Asheville

Connect Buncombe is seeking brewery (and winery, cidery, and meadery) partners for our popular Brewing for Greenways fundraising series running the length of July 2022. An all-volunteer 501(c)(3) organization, Connect Buncombe advocates for and provides funding toward expanding greenways in Buncombe County.

To become a Brewing for Greenways partner, we ask that you become a sponsor of Connect Buncombe. In addition to the benefits your level of sponsorship brings, additional perks will include:

- Several invitations to our 1,500+ newsletter subscribers to patronize your business (as well as other participating partners') in July and beyond
- Your business highlighted on a snazzy, specially made Brewing for Greenways map of participating establishments
- A customized poster with your logo to be displayed during the event, explaining how residents can get involved in growing greenways throughout Buncombe County
- Public thanks on our website and social media channels

If you're so inclined, you can help us raise additional funds one of two ways:

- (1) by donating a portion of your sales during the month of July to Connect Buncombe or
- (2) offering your customers an option to donate directly to Connect Buncombe.

We're quite flexible, and will gratefully accommodate whatever terms you prefer, whether it's donating a portion of proceeds over the course of the month, a week, or an evening; donating a portion of proceeds from all of your offerings, several offerings, or a single beverage; enabling patrons to donate as they wish at time of payment (via a credit card reader button); or some other type of arrangement. Whatever you decide, we will be deeply appreciative of your support.

If you're ready to be a part of Brewing for Greenways, you can fill out [this form](#) and email [friendsofconnectbuncombe@gmail.com](mailto:friendsofconnectbuncombe@gmail.com). We'll get back to you as soon as possible to work out the details.
